## ABOUT ME

This is Purna, a Computer Science graduate, and an aspiring Front-End Developer. I have a solid foundation in HTML, CSS, JavaScript, ReactJs, Git, Python, SQL, Cybersecurity principles, and Networking. I also have interest in CyberSecurity and have basic knowledge with tools like Nmap and Metasploit and Linux operating system. I am passionate about leveraging my skills to build and protect data, ensuring robust security solutions in the digital landscape.

## EDUCATION

2015 - 2019 • B.Tech Computer Science |  
Siddharth Institute Of Engineering &  
Technology

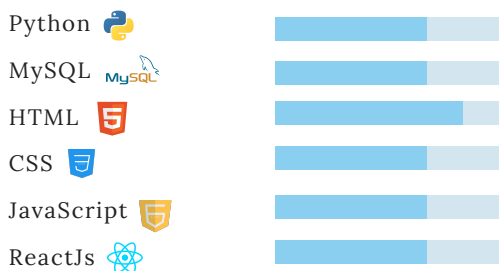

## LANGUAGES

Telugu (Native)

English

## SKILLS

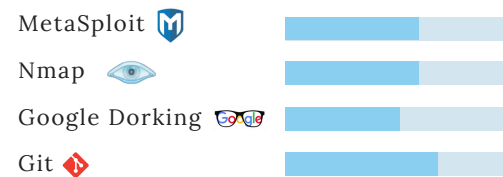

### PROGRAMMING

### SOFT SKILLS

Communication	Data Presentation
Data Analysis	Analytical Thinking
Problem Solving	

### TOOLS / FRAMEWORKS

### OPERATING SYSTEM

Linux

### SUBJECT AWARENESS

## VIRTUAL EXPERIENCE

2024

### Mastercard Cybersecurity virtual experience program on Forage - July 2024

- Completed a job simulation where I served as an analyst on Mastercard's Security Awareness Team
- Helped identify and report security threats such as phishing
- Analyzed and identified which areas of the business needed more robust security training and implemented training courses and procedures for those teams

## CONCLUSION

I can confidently say that, i am a self taught learner and all the skills, I have developed recently was purely out of my passion and willingness to get into the software industry. I will not shy away from learning new skills and thus improving myself and at the same time being useful and productive to the company as well.
